

WINE ENG 2026

BAROSSA VALLEY | 12-13 AUGUST

EXHIBITOR PROSPECTUS

WINE ENG 2026 offers a unique opportunity to showcase your company, products, and expertise to an audience of winemakers, engineers, maintenance teams, operations staff, and senior management from across the wine sector. With local and international speakers covering topics such as winery automation, fermentation optimisation, battery storage, recent winery site developments, dealcoholisation, drone cleaning, smart adsorbents, heat pumps, electrodialysis, ferment CO2 reuse, pipe pigging, and the practical adoption of AI, the program is designed to attract forward-thinking industry professionals actively seeking solutions. The conference experience is further enhanced by guided site visits to see technology in action, a relaxed networking dinner featuring live entertainment, and the WEA's traditional Royal Flying Doctor Service fundraising raffle.
